NUMBER 131

AN INCOME TAX DAYTON IS PREPARING

President Urges Congress to Amend Constitution and Amend Tarifi BIII.

TO TAX EARNINGS

He Believes Majority of People Favor Income Tax and Pollock Decision Gives Power for Ex-

Washington, June 15 .- President Taft today sent to Congress the following message on the subject of tax-

cise Tax.

"In my inaugural address I called attention to the necessity for revisionof the tariff at this session and states the principles upon which I thought blow and the city will unite in a sarveision should be effected. I referred to the increasing deficit and pointed to the obligation of the fram- In the evering the Wrights will be ers of the tariff bill to arrange the duty for an adequate income.

"The decision of the courts in the income tax cases takes from the government a power which it was supposed the government had. It is undoubtedly a power the government

ought to have. "I therefore recommend that both houses of Congress, by a two-thirds vote, propose an amendment to the constitution, conferring the power to levy an income tax upon the national government, Without apportionment among the states according to popu-This is a much better course than to enact the law once declared

"For Congress to suppose a court will reverse itself and to enact legislation on such an assumption will not increase confidence in the stability of

the courts. "It is said the difficulty and delay in getting the consent of threefourths of the states will destroy all chance of adopting this amendment. While none can speak with certainty point I believe the majority dence in New York City, or elseof the people will favor vesting the where." national government with power to

levy an income tax. Tax Corporations.

"The decision in the Poliock case left power in the national government to levy an excise tax, which accomplishes the same purpose as a corporation income tax. I therefore tariff bill imposing on all corporations and joint stock companies for profit (except certain banks otherwise taxed) an excise tax measured by 2 per cent of the net income of such corporations. I am informed Irwin and wife, Lelia Irwin, were climbing to almost prohibitive fig-that such a tax will bring a revenue prestorday held to the grand jury unor not less than \$25,000,000."

vantage it has also caused abuses to duced from \$5,000 at which amount lieved, therefore, that the tax law were arrested. the message, "the adoption of a joint the money at a designated spot. resolution by two-thirds vote of both houses, proposing to the states an amendment to the constitution. granting the right to levy an income the pending tariff measure an excise given a diploma at the college comtax on all corporations, measured by mencement as a bachelor of arts.
